info@touchsource.com

NEW & IMPROVED CONTRACT TERMS

Effective Oct. 1, 2023 pricing discounts apply for quantity purchases. Contract terms and language approved by JLL makes contract review easier and faster.

CONCURRENT PURCHASE DISCOUNTS

Apply to all items within a quotation or invoice with the exception of items identified as “Annual Subscriptions”, “Annual Fees”, “Installation”, or “Shipping”:

- 10%: Quantity 1-4
- 15%: Quantity 5-6
- 20%: Quantity 7-9
- 22%: Quantity 10+

CONCURRENT PURCHASES

Purchases that are made through a purchase order or signed Supplier quotation and meet one of the following criteria:

- Purchases made within a single order or purchase order and invoiced as a single order
- Purchases made on multiple orders by the same authority within JLL within 7 days of each other
- Purchased made on multiple orders by multiple authorities within JLL but contain the same product and are executed within 7 days of each other
- Both parties agree that Concurrent Purchases will be identified during the quoting process and cannot retroactively be applied.

TouchSource delivers simple solutions for smart spaces that engage people.

Our captivating digital displays and IoT-connected directory solutions improve the experience of visitors, tenants, patients, students, citizens and shoppers.

Simple To Use, Easy To Own, Effortless Upkeep

- All the foundational features you'll want in a directory including unlimited updates to listings, building messages, weather, news headlines, and unlimited remote software support—with every package
- Features that transform your display into a marketing channel for your property while saving time and money
- Subsidize your directory software package while getting an upgraded program and proactive system uptime monitoring with the Directory Media Network
- Professional design services, design and content library, and content uploading service for a turn-key experience
- Get the Express option for a plug-and-play directory software and design service option for those who already own their own display

TouchSource Direct

Modern Directories That Deliver Major Building Appeal

2023 SOFTWARE APPLICATIONS

For a Classic Digital Directory

BASIC FEATURES

- **Tenant Listings** – Easy to update listings as you welcome new tenants.
- **Essential Content** – Show time, date, news snippets, multi-day weather and stock ticker.
- **Cloud Portal Access** – Login remotely from anywhere to easily tailor visual content, listings and messages.
- **Cloud-Based Secure Portal** – Secure, easy-to-use platform and unlimited remote support.
- **Slideshow Content Scheduling** – Load property marketing messages on a timed schedule.
- **Unlimited Remote Software Support** – From experienced US-Based experts.

Package includes 5-day weather, news headlines, stock market trends unlimited content updating and unlimited remote support calls. Select from one of our standard designs. We'll upload your content and deliver a beautifully-finished solution.

TouchSource Interact

See It, Touch It, Scan It to Your Mobile Device

2023 SOFTWARE APPLICATIONS

Deliver popular content with a directory that becomes a go-to information source for busy visitors and building communities. Interactivity options make it easy to use and transform your directory into a powerful communications channel.

For a Compelling Interactive Experience

Everything in Direct plus...

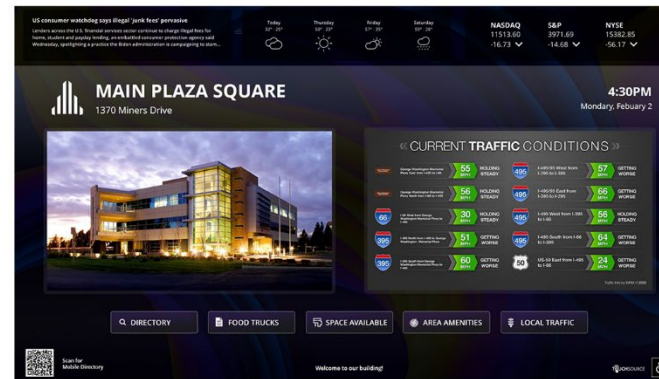

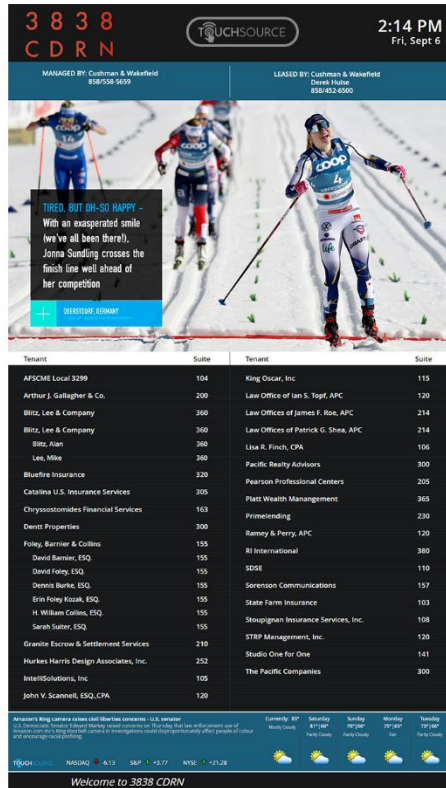

ADVANCED FEATURES

- **Customer Branded Themes** – Provide us your brand color scheme for usage in the design that you select.
- **Emergency Messaging Takeover** – Update your slideshow content with emergency messaging takeover. Whether it's a winter storm, hurricane or other emergency warning—with one swipe, everyone will see the message on the full screen.
- **Listing Import from a CSV Format** – Upload listing updates from a common spreadsheet format for times when you have broad changes to listings.
- **Local Area Amenities** – Show local restaurants, stores, banks and other amenities for busy on-the-go visitors who need information quickly.
- **Mobile Directory** – Easy, no-touch viewing with our designs and QR code directory access without hassle of downloading a new app.
- **Multi-Display Management** – Manage, schedule and view content across groups, buildings or an entire network of displays.
- **Multi-Factor Authentication** – Ensure that only current employees and authorized users can access your directories.
- **Realtime Traffic Map** – Help visitors plan their commute with a live traffic map.
- **Video Streaming** – Add videos to your display using the slideshow viewer. We help you stream the content without any jerky-jerky motion.

TouchSource Engage

Engage Visitors with an Enriched Experience

2023 SOFTWARE APPLICATIONS

For an Engaging Experience that Elevates Your Space

Everything in Interact plus...

PREMIUM FEATURES

- **Art Backgrounds** – Add up to 4 royalty-free still or video art backgrounds that rotate throughout the year.
- **Conference Room Schedules** – Show meeting bookings for your conference rooms via Google Calendar or Office 365.
- **Flex Listing Management** – Schedule listings of people, companies, or resources with intermittent or flex schedules so that they automatically appear when they're on site or available.
- **QR Code Surveys** – Deploy surveys, self-service check-in and other forms using QR codes for mobile delivery.
- **Single Live Stream Infotainment Feed** – Choose one option from 10 live streaming information feeds that include news, entertainment, sports, your social media feeds, window to the world, health facts and other options.
- **Virtual Visitor Reception** – Let visitors notify your tenants of their arrival through our QR code calling and concierge notification services (email/SMS).

Engage your building community with a digital experience that inspires with artwork, informs with listings and news, directs foot traffic with visitor concierge services, and lets you schedule listing changes for spaces that host different people, companies and resources throughout the week.

For the Ultimate Mood-Shaping Experience

Everything in Engage plus...

ENTERPRISE FEATURES

- **Analytics** – Gain insights into user and display interactions with advanced analytics.
- **Art Backgrounds** – Add up to 12 royalty-free still or video art backgrounds that rotate throughout the year.
- **Dual-Language Navigation** – Offer easier navigation with a second language in the buttons and category headers. Add three or more languages for an added fee.
- **Experience Flipping** – Airports, campuses and multi-use venues can easily “flip” the content on their display to an alternative content experience for special events, scheduled programs, or other demands.
- **Infotainment** – Choose an unlimited amount of infotainment, sports and exciting content feeds to draw visitors to your directory.
- **Leasing Experience** – Elevate your leasing experience, highlight its greatest assets, deep-dive into floor plans, explore the community, and “wow” prospective tenants with the TouchSource Leasing Experience. Self-guided tour of why here, why us, why now.
- **Sensor-Triggered Content Experience** – Sensors detect nearby users and change what is shown on the screen to turn passive viewers into active engagers.
- **Transit Schedules & Ride Share Services** – For local rail, bus, shared ride services including Lyft, Uber and more, and other local transportation schedules.

Charge energy into your spaces with digital art rotations that add fresh interest hourly, daily, weekly or monthly. Engage diverse visitor communities with dual-language navigation, improve LEED ratings by highlighting public transit and shared ride services. And learn how visitors interact with all of it using our analytics package.

TouchSource Directory Media Network

Increase Engagement with an Enriched Program Mix

2023 SOFTWARE APPLICATIONS

Directory Media Network Package

Engage + Proactive Monitoring at a Subsidized Rate

BEST DEAL

- Engaging Programming** – Get Premium digital directory features including art backgrounds, conference room schedules, virtual visitor notification and more along with standard and advanced features at a subsidized rate by including sponsored ads in your slideshow viewer.
- Proactive Monitoring** – Proprietary AI tools monitor your directory for continual uptime. We spot common internet, facility, power, and device issues, start working on the problem and alert you. It keeps your unit in high uptime state with hassle-free premium support.
- Lower Operating Costs** – This powerful bundle of Standard, Advanced and Premium Directory Features plus Premium Uptime Monitoring—is subsidized by intermixing luxury brand advertising into the mix with your own messaging and images in your slideshow viewer.
- Promote Community & Local Services** – Do you want to promote suites available for leasing, retail tenant services, tenant business services or community businesses? We’ll show you how you can create and put your own ads in the mix, or you can outsource property ad creation and posting to us through our managed services program for an added fee.

TouchSource Wayfinding

Deliver People-Centric, Stress-Free In-Building and Cross-Campus Journeys

2023 SOFTWARE APPLICATIONS

Guide Users Through Buildings and Campuses with Intuitive, Eye-Catching Maps

- **Complete Wayfinding Service** – Our team of professional wayfinding designers orient the map to where users are standing, offer easy and visual in-building or cross campus navigation, and ensure arrival at destination with scan-to-mobile directions.
- **Updates Automatically** – When a tenant moves to a different location, your map updates itself for effortless upkeep.
- **Animated Paths** – Animated lines for turn-by-turn directions.
- **Layered 2D or 3D Maps** – Select just the right options for optimized spatial orientation including 2D and 3D renderings.
- **Station-to-Station Wayfinding** – Get visitors quickly to the right location across your large property campuses.
- **Mobile Directions** – Take the map with you from the directory to your mobile device via QR codes and text-to-mobile for interactive mobile navigation.
- **Branded & Localized Design** – Customize the look and feel of your maps to match your branding, local amenities, stairways, elevators and localized property features.

TouchSource Wayfinding is a combination of advanced professional wayfinding services, people-centric design and automation that delivers a uniquely easy, visual experience for users. Property expansions, updates or reconfigurations are covered by our annual refresh services. Requires TouchSource Engage, Inspire, DMN or Immerse in order to add-on this service.

ORIENTATION

NAVIGATION

DESTINATION

Plug-and-Play Digital Directory Service

Got existing displays that you want us to take over? We've got the solution.

2023 SOFTWARE APPLICATIONS

Turnkey Design & Fast Results

Choose a directory software package

Explore rich standard features in every package, plus extras that visitors love. Pick the one that works best.

Give us your content

Provide content during your digital onboarding experience.

Work with our designers

Our professional designers will guide you to designs that work for you, and craft your on-screen experience for you.

Unlimited remote support

We'll provide unlimited remote software support to resolve issues for as long as your subscription is active.

Two Purchase Options

1 Directory as a Service

All-in-one subscription includes a software subscription; perpetually-warrantied media player (we'll replace it if it breaks or gets old); professional design services; unlimited remote support for both the media player and software for the life of your subscription. You provide power, internet and your customer-provided digital display. **Best option for hassle-free ownership, and avoidance of budget surprises as your team changes from year to year. Buy on www.TouchSource.store today.**

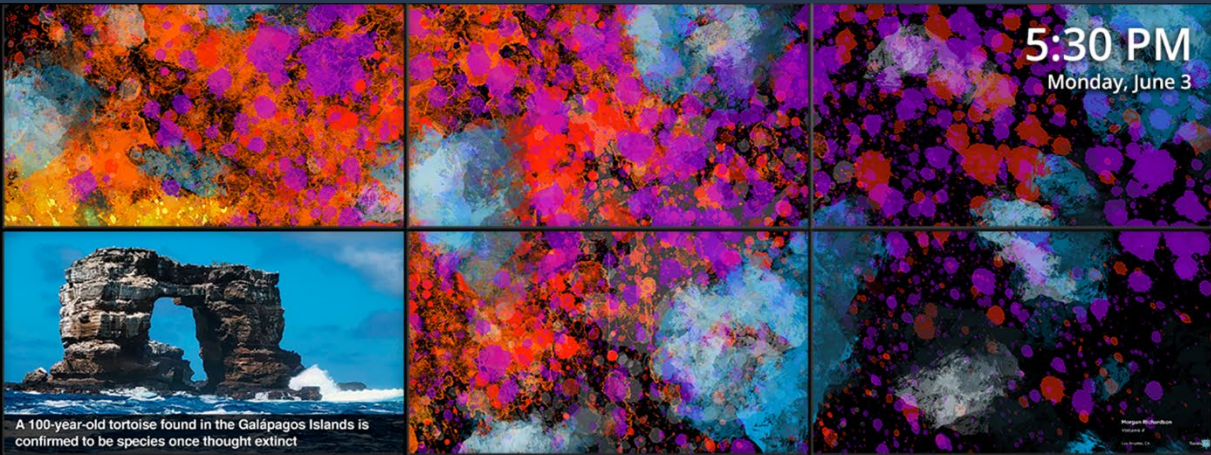

2 Software + New Media Player

Buy the software package subscription which comes with professional design services and unlimited remote support. Purchase a new media player that you own outright. We'll support the media player during the warranty period. You replace the media player in the future when it becomes outdated and is no longer warrantied. You provide power, internet and your customer-provided digital display. **Best option for periodic equipment replacement.**

Digital Art & Motion Graphics

Elevate Your Space with Dramatic Visuals

2023 SOFTWARE APPLICATIONS

Royalty-Free Art Backgrounds for Beautiful Designs

Art draws visitor attention and admiration. It's an ideal backdrop for large displays and video walls. That's why we include background designs using royalty-free art images as part of TouchSource Engage, Inspire and Immerse content packages.

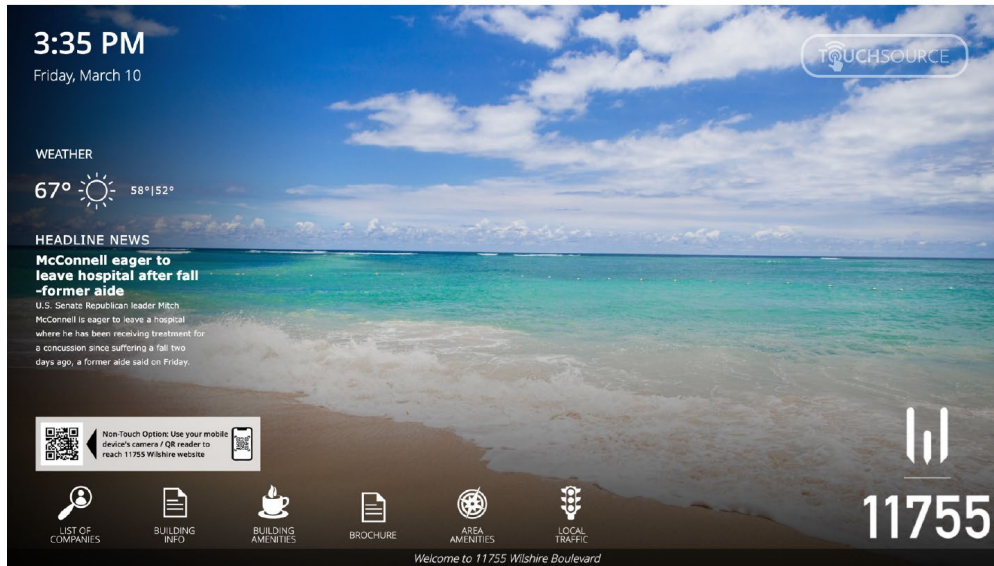

How It Works

- During onboarding, our graphic designer gathers your art preferences and style. They'll source imagery from our digital arts suppliers who offer high resolution visuals that fit larger digital canvases and compatible digital rights terms.
- You'll review recommended options (still or video) that fit your style preferences, display and on-screen content.
- We'll do the design work. We craft your art backgrounds so that your directory content is expertly placed with optimal contrast and readability.

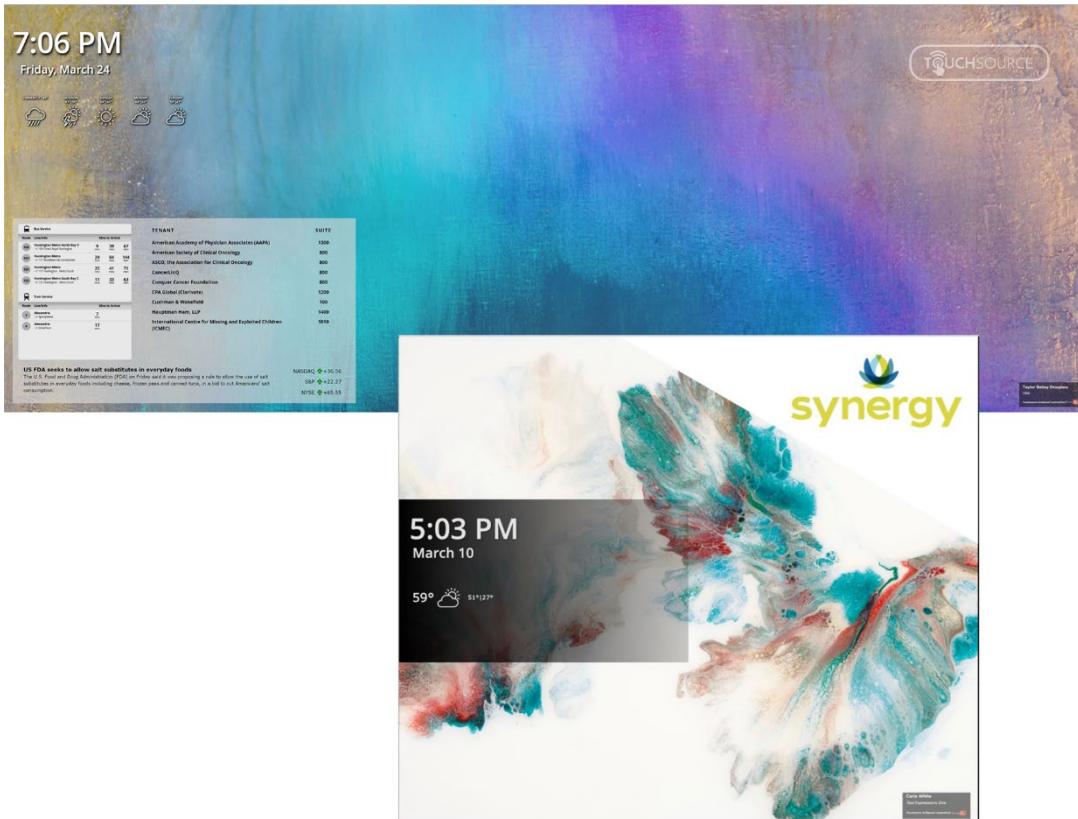

What's Included:

- **TouchSource Engage:** Rotate your still or video art backgrounds up to 4 times / year
- **TouchSource Inspire:** Rotate your still or video art backgrounds up to 12 times / year

Request more background art designs/rotations for a modest extra design fee.

Create an exciting visual experience they'll remember as you draw them to interact with your directory or messaging board.

Premium Art Collection Backgrounds

(requires an added subscription)

Gain access to over 50,000 pieces of premium private collection art that isn't available anywhere else. Your subscription pays royalties to the artists to support their work. And the art you choose is optimized to your discerning taste and formatted for the exact size, shape, format and resolution of your digital display. Royal-free art options don't offer this level of quality, uniqueness or breadth.

Options

- **Pre-Curated Collections:** Professional Art Curators have created pre-curated collections based on popular trends including: Local Artists for top metro regions, Energetic Abstracts, Black & White Classics, Outdoor Color, Witty & Charming, Serenity, Kids Corner, and more.
- **Custom Curated:** Have it your way. Work with an Art Curator work to choose your own selections from your local artists or the top artists in the country. Choose to rotate your premium art anywhere from weekly to three times a day. Explore what works best for you. (There's a nominal curation fee for the art curator's time.)

How It Works

- We'll show you the art libraries to help you choose the artworks you want.
- Our designers craft your art backgrounds so that your directory content is expertly overlaid for optimal contrast and readability.
- We'll schedule your rotations so that your pieces display and create fresh, Instagram-worthy experiences per your schedule.

Perfect harmony: We unite your art and content for the perfect viewing experience. Artists are recognized on screen and receive royalties via the subscription.

TouchSource Essential Support & Value-Added Services

2023 SOFTWARE APPLICATIONS

Essential Support

Included With All Directory Software Subscriptions

Responsive, US-Based Support

- Unlimited telephone, email, chat and web access to support North America-based technicians
- Online customer portal support and access to immediate support
- Self-service support documents and tools

Proactive Software Updates

- Security patches
- Operating System updates
- Web backups
- Software updates

Uptime Services

Recommended for Highest Level of Availability Monitoring

Proactive Uptime Monitoring

TouchSource proprietary monitoring tools actively monitor for common internet, facility, power, hard-drive, or memory associated failures.

- Proactive notification within 4 hours of outage
- TouchSource proactively resolves any issues with TouchSource hardware or software
- TouchSource notifies you of any facilities or connectivity failures

Offline Notification Only

Base level of monitoring with proactive notification of failed content updates due to internet, power, or connectivity failures.

Managed Services

Recommended if You Need Additional Help in Updating or Managing Your System

Content Services

Manage frequent changes to content without in-house resources. Create outstanding experiences with exciting content with monthly or quarterly updates.

Wayfinding Services

Our team of wayfinding experts will update your maps, directions, and locations as your facility changes — perfect for new construction and dynamic campuses with blueprint changes.

Insights and Analytics Services

Get monthly proactive service trends, interaction insights, findings from camera and video feeds, proactive services, and operational updates.

TouchSource Pantella™

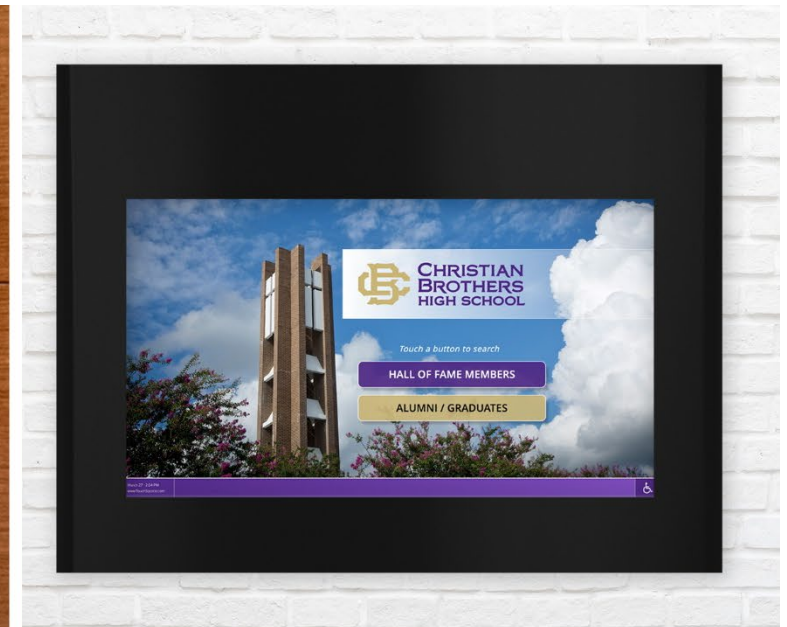

Surface-Mounted Digital Wall Display

2023 WALL DISPLAYS

The TouchSource Pantella wall-mounted, ADA-compliant digital display is an architecturally-finished enclosure with proprietary commercial-grade engineering so that your investment securely stands the test of time. Design includes proprietary engineering for active ventilation and a locking mechanism for easy maintenance and security. Perfect for displaying directories and, with a touch screen option, a full array of interactive wayfinding and digital content. Draw visitors right to the bright and inviting screen, with or without “Directory” lettering, for a great self-service experience.

“A good looking and functional electronic directory is gracing our main lobby! Tenants are happy too as all the building information is easily displayed.”

Mitzi Nandan, Vice President, JLL

TouchSource Mirada™

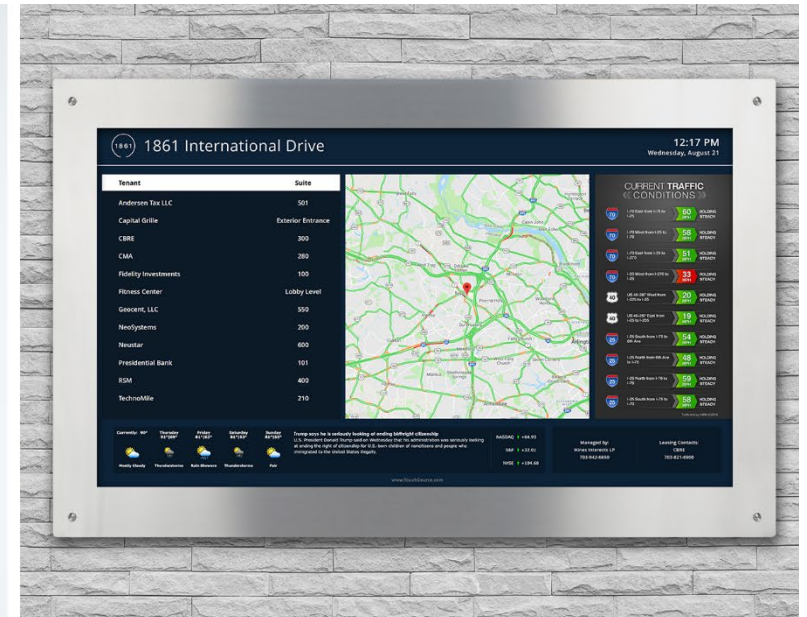

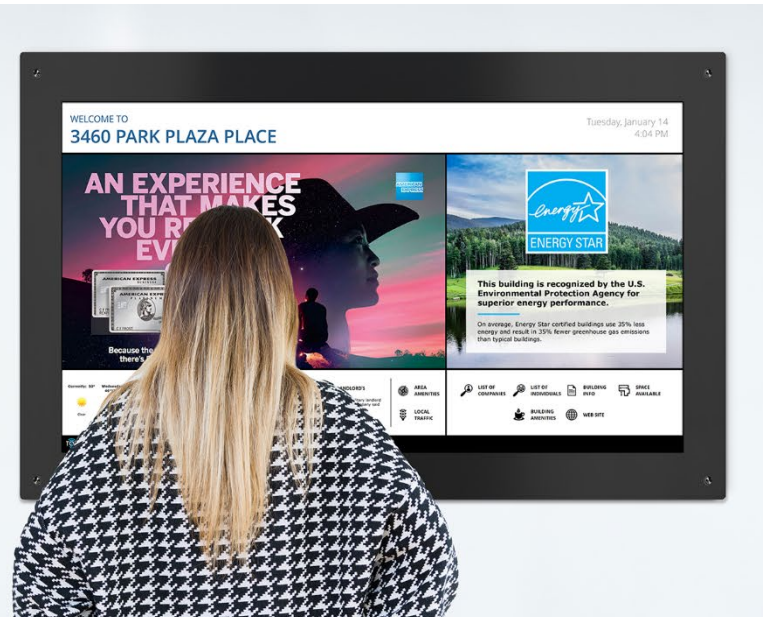

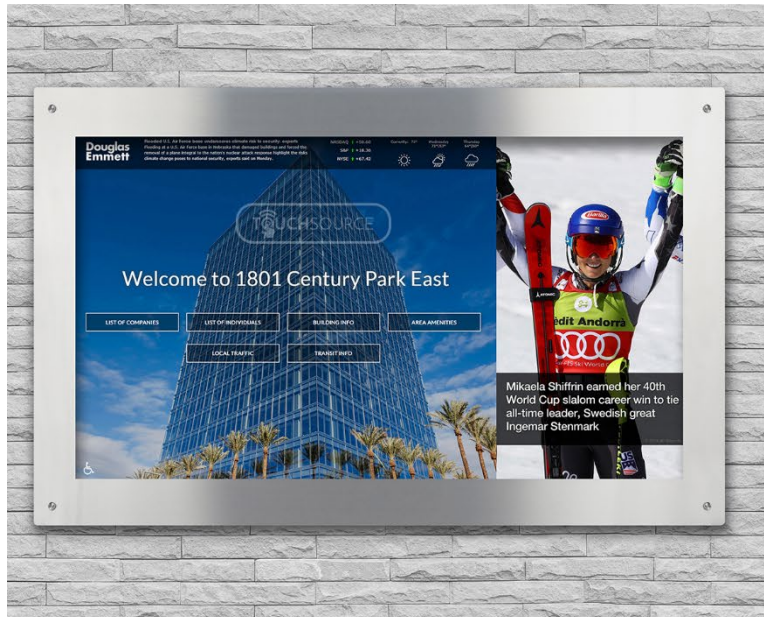

Recess-Mounted Digital Wall Display

2023 WALL DISPLAYS

The TouchSource Mirada is fully recessed into the wall for a sleek, architecturally-finished and ADA-compliant enclosure with proprietary commercial-grade engineering so that your investment securely stands the test of time. Perfect for displaying directories and, with a touch screen option, a full array of interactive wayfinding and digital content. It's easy to use, maintain and update.

“Not only is TouchSource a great asset to our building, but they also provide great technical support. I was able to get our directory back up and running quickly with the help of their technicians. If you need a digital directory, I would recommend TouchSource.”

Elizabeth Ramsland, JLL

TouchSource Video Walls

Killer Amenity with Turnkey Simplicity

2023 VIDEO WALLS

“Since the video wall installation tenants have had a universally positive response. The art initially captures one’s attention due to its scale and aesthetics, while the functionality of the TouchSource content really makes the seating area welcoming and communicates the message that the lobby isn’t a museum. It’s OK to come over, sit down, relax, hang out and gather information.”

Jim Osburn, Senior General Manager, JLL @ 150 Spear, San Francisco

TouchSource Immerse

Complete Customized Video Wall Experience—from Design to Installation to Effortless Ownership

2023 VIDEO WALLS

DESIGN THE EXPERIENCE

Consultative Multi-Screen Design Experience

Work with our digital design team on the video wall experience you envision. We'll curate the content design for your multi-screen canvas for you. You'll receive a finished design that meets your vision via a cost-effective subscription that you can easily maintain.

Royalty-Free Art Graphics & Videos

We intake your art preferences and recommend royalty-free artwork that fits your preferences. Our designers are trained in selecting artwork that fits the size, shape, resolution and content on your display. You also have access to our library of slideshow content including holiday, special event and other visual graphics.

SIMPLIFY THE TECHNOLOGY

Enterprise Software Package & Platform

Unlike custom-built video wall solutions, we deliver your video wall content on TouchSource Spark PX™, our next-generation platform for place-based communications. Our platform equips users with intuitive tools for managing content once we've delivered your design. With the Immerse package, you have access to every feature of the platform. Work with our designers for annual design refresh.

Video Wall Experience Platform

We provide content streaming adapters, cabling and configuration as part of your service. Our team designs display hardware settings, content resolution, screen size fitment, panel configuration and streaming bandwidth requirements to deliver the curated design you have chosen. We test your content on your hardware to calibrate system setting.

MAINTAIN IT EASILY

Proactive Uptime Monitoring

We combine people, process, and technology to anticipate, prevent, and respond to issues through active systems monitoring before issues affect your facility. Includes rapid solutions testing and client notification within four hours of a proactively identified issue.

Video Wall Maintenance & Diagnostics

While under warranty, a certified A/V technician is available for remote and onsite problem diagnostics. They'll validate hardware issues and enable TouchSource Support to launch solutions resolution. If you've chosen a content-only design experience, we'll support your software experience with unlimited remote support.

Design Your Dream Video Wall

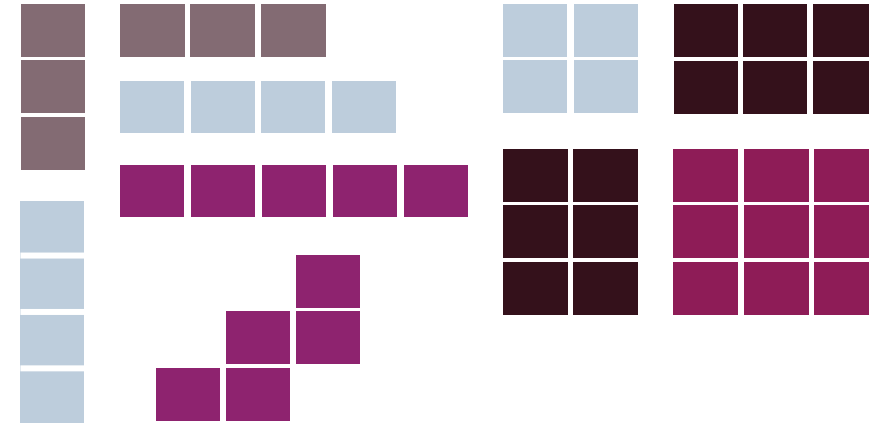

Vivid, sharp and dynamic, our indoor Aspen Video Walls use LCD technology for screen content that is bright, sharp and clear up close and from a distance.

- Choose a popular layout or design an eclectic one for extra drama.
- Start with the 3-display option as the base model — add more displays and key hardware features per your design style.
- Showcase art, large format information and multiple forms of content to change the aesthetic of any space.
- Explore digital art and live motion graphics for a mesmerizing experience.
- True turnkey video wall solution: all hardware is carefully configured by technical specialists, including all controller and mounting hardware.

Video Wall Options	55" Monitors
Bezel-to-Bezel Width	3.5mm
Brightness (NITS)	500

90% of video walls will be satisfied by 3.5mm bezel-to-bezel width and 500 NITS. Smaller bezel sizes and higher brightness options are available but will bring your costs higher.

Choose a Popular Shape & Layout or Design Your Own

Popular Layouts	Display Configurations (Width x Height)	# of Displays

Horizontal Column	3 x 1	3
Square	2 x 2	4
Long Horizontal	1 x 4	4
Long Vertical	4 x 1	4
Large Horizontal Rectangle	3 x 2	6
Large Vertical Rectangle	2 x 3	6
Large Square	3 x 3	9
Custom	Create your own shape	Custom

TouchSource Monarch™ Video Wall (LED)

Indoor or Outdoor LED Video Walls that Dazzle

The TouchSource Monarch Video Wall is based on cutting-edge LED technology that works for gorgeous indoor and enduring outdoor usage. Upgrade the look and experience of any space with versatile LED panels.

- Create a wider array of shapes with an immersive, uninterrupted bezel-less digital canvas.
- Deliver indoor or outdoor digital wallpaper or very large digital video wall experiences.
- Enjoy more vivid resolution, brighter colors, easier maintenance, and a more expressive digital experience.

Call our specialists who can guide you through the ideal viewing distance, pixel pitch and level of brightness for your location.

	Indoor	Outdoor
LED Cabinet Size	23.62" W x 13.29" H	49.21" W x 9.84" W
Pixel Pitch	2.5 mm	4.8mm
Brightness	800 NITS	4,500 NITS

All video walls come with premium quality, quality-tested media players, cabling and cabinet housing for the LED modules. You'll get all elements for a turnkey solution including extra LED modules if you should need to replace a damaged LED module.

Go Big, Go Vertical, Go Outside the Lines

Design Your Own Video Wall Shape & Size

Dream it up and we'll help you design it. Design the journey from the moment your visitors enter the building to the time they leave. Our collaborative consultants will help you sketch out the experience you want to deliver.

One-of-a-Kind Content

Deliver compelling and exciting content including your proprietary building information along with creative, eye-catching third-party content including avant-garde digital art, motion graphic scenery, news in pictures, community calendars and much more.

Future-Proof Video Architecture

We design the right hardware, security, native resolution, outputs, custom-designed controller, data storage, video formats and engineered mounting systems for you.

Sized to Fit Just Right

Our designs scale the digital experience to the architecture, physical dimensions and brightness of your space. Based on the experience and content you want, we'll match any angle, position and span of displays that fit your goals.

Content Delivers a Fresh Experience

Constantly refreshed local art elevates the experience at a San Francisco hot spot

ART INSPIRED SPACE YIELDS HIGHER LEASING RATES

“We were looking for video wall content which would differentiate our lobby and engage our tenants. The TouchSource and TurningArt partnership has proven to be the perfect solution providing useful news and information for our tenants against a brilliantly curated background highlighting local artists. The video wall has been a universal success with our tenants as well as passersby.”

– Jim Osburn, Senior General Manager, JLL

Location	150 Spear, San Francisco CA
Need	WOW factor in their renovated lobby to attract top tenants and higher rental rates
Solution	TouchSource 3'x2' Video Wall with TouchSource Channels which delivers local calendar, transit and news on top of signature local artwork that rotates 3 times a day via with TouchSource ArtSpaces, powered by TurningArt
Results	<ul style="list-style-type: none">• Exciting, dramatic video wall that draws tenants, visitors and many passerby to stop and ask questions• Tenant events draw large crowds to the lobby and large video wall screen• Owners say that their rental rates have improved as their building is seen as a prized location and premium hot spot

Dynamic Content Activates the Space

Seasonal Dynamic Spaces Content Elevates the Ambiance for Tech-forward Tenants

DENVER TECH CENTER AMBIANCE

Location	Denver Metro
Need	A lobby renovation statement piece that accompanies ambient sound and other space amenities to create an experience for high profile, tech-forward tenants.
Solution	TouchSource 2' x 3' Video Wall featuring motion art with seasonal scenscapes and building announcements welcoming new tenants and visitors
Results	<ul style="list-style-type: none">• Dynamic spaces video wall that captures tenants and visitors upon entering the building• Images and announcements contribute to a tailored experiential ambiance in the building lobby• The end result helped attract and retain tech forward tenants leading to an increase in tenant satisfaction

“The solutions we were previously presented with were just not as interesting as we would have liked. We wanted something exciting when you enter the lobby, something that makes existing tenants think “I get to work here” and makes visitors think “I wish I worked here”.”

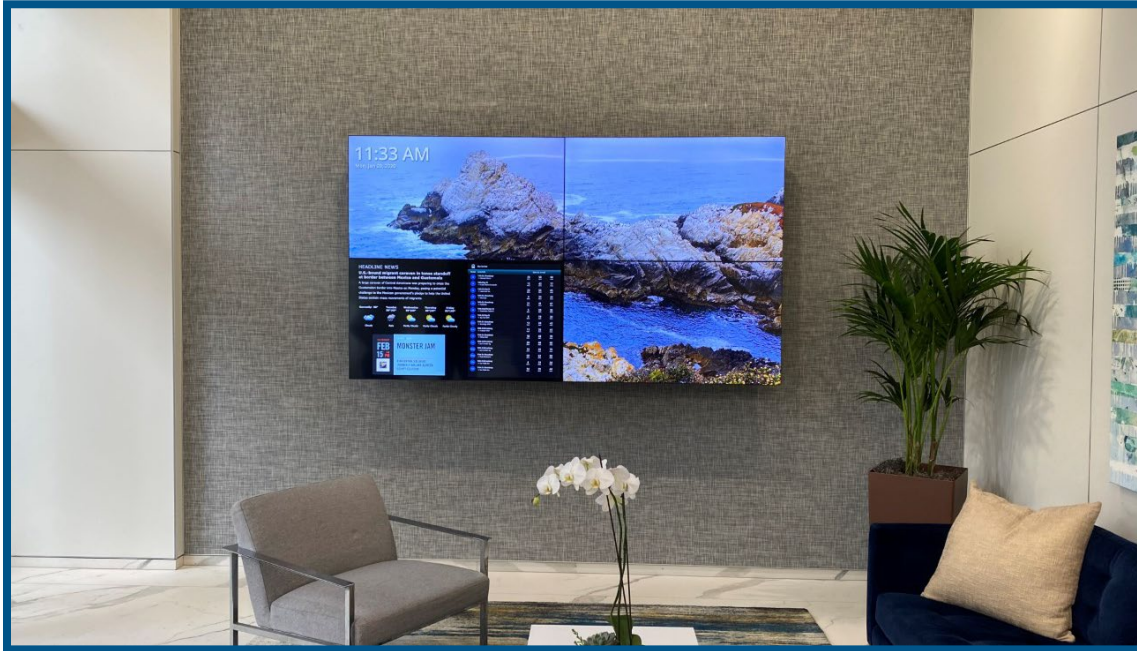

– Meghan Connifey, Senior Vice President, Group Manager, JLL

Video Wall Invigorates Oakland City Center Office Building

Showcase of Innovation that Differentiates from Competitor Buildings

OAKLAND CITY CENTER CREATES A TOP AMENITY

Location Oakland City Center, CA

Need Upgrade an original lobby with elements that brighten the space and showcase innovation, differentiate from competitor buildings

Solution TouchSource DynamicSpaces digital art that displays on a 2x2 video wall system, with 12 motion scenery videos rotating throughout the year

Results

- Offers essential information like traffic and weather, transit schedules and community event calendar
- Transforms lobby aesthetic with nice colors and lively images
- Engages building staff, tenants and guests, and is a nice ice breaker to welcome people into the building

“The TouchSource Video Wall is a nice, modern addition to our building. It complements our lobby renovation and livens up the space.”

– Helen Kaslin, General Manager at Jones Lang LaSalle
